Re: Hitec 3000

Dear Mr. Reilly;

The purpose of this communication is to respectfully express my strong support for making available to the public the new Hitec 3000 product aimed at some reduction in harmful fumes from car emissions.

I drive a 1976 Capri, which I am afraid is not up to 1990 car emission standards. There are thousands of old people like me who in old age do not drive much, so hardly need new cars. We need your help, so please approve this product.

Respectfully

  
Leo R. Gardner
